

Waves

Corey Chapman

Animals, Fable, Humor

The Me I Will Be

A Hunger...

Ever Increasing

A Fire...

Raging

And Spreading

Dreams...

To be Built

A Ground...

To Leave

A Whole Wild World... To See

That

Is... The Me I Will Be

A Step

Sometimes...

A Step is Merely just A step

Just Something We need to Walk up

Sometimes...

A Step is Taller in One Moment

Over Another

But...

We Can All make it With Enough buildup

Sometimes, Though...

That Step...

May be Enormous

A Bigger Distance than We have Ever Known

Just...

Rely on Your Windup

You...

Have More Ability to Fly Than you Could Possibly Know

You...

Have No Reason to Give Up

And...

On those All too Frequently of Occasions

Where...

Or...

When...

That Step...

Is A Metaphor

See...

Who is With You Before You Act

It's Ok... to Rely on Your Backup

You...

Have been Lead to These Moment

From...

Your Startup

And You...

Are Gonna Land

Where You...

Decide to Land

And if You...

Are Not Happy

Where You...

Landed

That's OK

Just...

Consider it A Warmup

Devise a New Plan

But...

Step with Great Care And Take Care with your Step

Because...

Everyone...

Has Taken a Bad Step Before

And They Can Make Quite The Mess

But...

There is Always Room to Improve

Because...

A Mistake...

In the Steps that We Make

They're Not Meant to be Kept

My Story

This...

Is my Story

If You...

Are Not...

A Part...

of it..

Get Out

You...

Are Not...

Invited

You...

Do Not...

Think Big Enough for Yourself

Your Vision...

Is Too Short-Sighted

Unless You Want

In Your Life

To Continue Feeling Slightly Slighted

I... Suggest You Change Your Goals

Learn...

To Live with Your Heart Ignited

And Preferably...

In a Timeframe...

that is Expedited...

But...

If You Need Me To Be

I... Will Come Through for You

And...

If You Still need me

If You Still Can't Seem To Stay Afloat

Or...

If it Ever Still Feels Like You Are Missing Your Boat

I... Will Come Through for You

Will You...

Come Through... For me Too?

Life Changes

Life Changes...

That's What it Does

But...

No Matter How Young

Or...

No Matter How Old

Just...

Let Your Pages Turn

You Will Be Happy

With...

How...

Your Personal Story

Unfolds

×

One Day

Life Felt Rough

Thought I'd had it too Tough

But...

Then, One Day...

There...

Was... You...

Suddenly...

I Couldn't Seem to Get Enough

Weaving Dreams

Live... And Believe...

Cause...

All Your Wildest Dreams

Are Yours Alone... to Weave

Too Many People Live Their Lives with a Constant Frown

I Guess it's Just Easier to Be Happier Once they Find Their Ways to Get Their Feet off The Ground

Just Be Kind...

Believe in Good People...

Find Your Crew...

Believe in Them...

and Let Them Believe in You, Too...

Nothing Else You Need to Possibly Do

×

Whatever it Takes

Whatever it Takes...

Do It

See Your Future...

And... Be In It

I Have a Will that Will Not let Me Stop Pushing

And... With Every Endeavor...

I Will Never Say Never

So...

Why Are You?

Being Too Aware

There is a Problem...

with Being Too Aware

Strong Emotions...

Are Sometimes Hard to Handle with Due Care

But...

Learning As I Grow

And...

Knowing that I Have Nothing to Fear

It's Ok that's it's Gonna Be Up to Me...

To Make my Dreams Collide with Reality

I Am Finally Starting to See...

Just...

A Little Nearly More Clearly

Punctuality

I Am Being All the Me I Can Be

But...

Nobody Ever Said a Thing...

... About

.... Punctuality

×

This Dark vs That Dark

This Dark...

Ain't That Dark

And...

You Have a Fire Burning in Your Heart

Why Would You Possibly Be Afraid...

...Of That Dark?

...Or This Dark?

×

Whatever You Are

Whatever You Are...

For the Special People in Your Life...

Be That

Waves

Whatever Happens...

Wherever I Go...

I Will Find my Way Back to You

After All...

That...

Is What Waves Do

They...

Are The Ocean

The Wind Blows... and They Glide...

Up Every Peak

And...

Down Every Trough

But... Under No Circumstances...

If... They Lose Sight of each other

Do... They Get Sad About This

Sometimes... Waves Crash

But...

They Are All a Small Part of the Oceans

They will Never Be Just Waves All Alone

And...

Although Each Ocean May Seem Quite Big...

All of the Waves are Safe...

Even the Ones that Break...

The Ocean is What they All Call Home

Your Truth

You Are Always

a Lot More Than you Know

So...

Chose Your Thruth

Not

Their Damn Demands
